

MSC Meraviglia Fact Sheet

MSC Meraviglia is set to debut June 2017. She will spend her first summer sailing the western Mediterranean and will have three major ports of embarkation: Genoa, Marseille and Barcelona. After her inaugural season in the Mediterranean, *MSC Meraviglia* will join *MSC Divina* and *MSC Seaside* (arriving Dec. 2017) in Miami, beginning winter of 2019.

MSC Meraviglia is the first of two identical ships on order from STX France, the second which will enter service in February 2019. In addition, two larger units from the Meraviglia class known as Meraviglia Plus will be delivered October 2019 and September 2020.

Ultramodern Accommodations

- New category of staterooms:**
 Guests on board will have the option of choosing family staterooms, super family staterooms or duplex staterooms with family options. Families can travel more simply with modular connected staterooms allowing up to three staterooms to be connected.
- Enhanced MSC Yacht Club:**
 Private club with keycard access; priority check-in and check-out reception; signature Butler service; dedicated 24-hour concierge; private lift to the spa; exclusive private solarium, lounge and pool; 24/7 complimentary beverages within the MSC Yacht Club area; and a private MSC Yacht Club restaurant.

Onboard Entertainment and Family Activities

- Dedicated state-of-the-art entertainment and dining theater for Cirque du Soleil:** In an industry first, MSC and Cirque du Soleil have co-designed a custom-built, 450 seat technology packed, entertainment and dining venue to surprise and delight guests with one of eight Cirque du Soleil shows exclusively available to MSC Cruises guests.

- **12 Distinct Dining Venues:** Offering guests a wide variety of choices from Mediterranean and international cuisines to desserts and sweets, including a gourmet ice cream parlor and creperie in partnership with world renowned French Chocolatier and pastry chef, Jean-Philippe Maury.
- **Longest LED dome at sea:** Nestled within the three-deck interior promenade filled with boutiques, restaurants and shopping is a 262 ft. LED sky screen that will display visual events and vistas to animate the entire promenade from above to create a unique atmospheric experience.
- **Contemporary fine art museum at sea:** As the first and only classic and contemporary fine arts museum at sea, this space will house masterpieces from around the globe in collaboration with premier cultural centers, classic and modern art museums as well as public and private institutions.
- **A spectacular amusement park:** linked to an outdoor aqua park as well as the three-deck interior promenade. The stunning aqua park features three twisting slides, a 'Himalayan Bridge,' and a range of pools.
- **Five dedicated kid's clubs:** For children ranging from 0-17, children can enjoy specially designed play areas including a Chicco baby club as well as a Lego Mini Club.

A New Standard in Eco-Friendliness

- **Advanced Water Treatment:** Installation of systems optimized for the production of fresh water which will reduce water consumption and reuse the condensates of the ventilation system
- **Energy efficiency:** Optimization of hull shape and propulsion system to reduce energy consumption
- **Scrubber Technology:** Neutralize fumes and CO2 emissions in accordance with the latest international maritime regulations
- **LED lighting:** meaning lower energy demand and significantly lower fuel consumption

Advanced Guest-Friendly Technology

- **The new *MSC for Me* digital innovation program will be first launched onboard *MSC Meraviglia*. The smart ship technology features Near Field Communication (NFC), using a cruise card, bracelet or smartphone. *MSC for Me* includes:**
 - 16,000 points of connectivity
 - 700 digital access points
 - 358 informative and interactive screens
 - 2,244 staterooms with RFID/NFC access technology, which means parents can easily use geolocation to find their children
 - **Navigation:** digital way finder that provides guests on board with advice, guidance and information on what's on. The technology is similar to smart maps and helps them find their way on the 1000+ foot long ships with a 16 foot precision. It also allows guests to locate their children, as needed.
 - **Concierge:** allows guests to easily book services, restaurants, excursions and more in real time, 24/7.

- **Capture:** digital immersive discovery through virtual reality to preview excursions and a gallery with interactive screens showing the unique story of a guest's trip, which they can share in real time.
- **Organizer:** a planning tool for guests to check in with their mobile device, book trips, seats for shows, or the best dinner table, before embarking or when on board.
- **TailorMade:** digital, personal advisor that will provide tailored recommendations. Intelligent face recognition will help staff take care of guests in a highly personalized way. Interactive bracelets will connect guests to the ship's services and will activate geo-located suggestions through 3,050 Bluetooth beacons.
- **Beacon technology: communicate with guests' mobile devices and send push notifications about info and offers**
